A SONG WRITTEN FOR RICH

Fireworks and Kindness

Birthday

On July second, you came early
I didn't know you'd change my story
We shared ice cream before the show
One little bite set sparks aglow
By the public lake, the fireworks flew
We ended with a hug, just us two

> *Rich, thank you for your kindness each day*
> *And for the love you always display*
> *You never gave up, you stayed near*
> *My rock, my strength, year after year*

At every fair, I dart around
You chuckle at the joy I've found
Before the light, you start each day
Still making time to light my way
Once, you said you were no good for me
I begged you to just wait and see
Though we were hurt, you gave us a try
I'm glad you chose to stay nearby

> *Rich, thank you for your kindness each day*
> *And for the love you always display*
> *You never gave up, you stayed near*
> *My rock, my strength, year after year*

On your birthday, I want you to know
I'll keep choosing you wherever we go
May every new day bring you peace
My grateful heart will never cease

> *Rich, thank you for your kindness each day*
> *And for the love you always display*
> *You never gave up, you stayed near*
> *My rock, my strength, year after year*

Like fireworks above that lake, you shine
One warm hug, and your heart found mine
