A SONG WRITTEN FOR UNCLE KEN

Uncle Ken's Legacy

Birthday

In Hope Valley where the stories run deep,
There's an uncle by the name of Ken you'll want to meet.
With his smart aleck comments, he's quite the delight,
Always got a laugh and a smile when you're by his side.
He once ran the Wood River with his Diane,
Made every night a party, singing with brother Bob, wake up little Susie.

> *Oh, Uncle Ken, you blessed our lives,*
> *With laughter and wisdom, love that's twice as nice.*
> *From ski trips to warm Florida golf courses,*
> *Winning hearts and making memories, oh what a force.*

From Wood River Inn to Florida's sunny lanes,
Competing on the green and living free without restrain.
Helping out his kids with homes warm and bright,
Turned those fixer-uppers into places so right.
And when the sun set, we'd dance and we'd sing,
Cards on the table, hello walls in the evening.

> *Oh, Uncle Ken, you blessed our lives,*
> *With laughter and wisdom, love that's twice as nice.*
> *From ski trips to warm Florida golf courses,*
> *Winning hearts and making memories, oh what a force.*

Now in Hope Valley where the grass is green,
On his tractor he'd go, keeping everything keen.
Though his health now keeps him from the pace,
In our hearts, he's always there, setting the pace.
We call him uncle, such a hot shot, you see,
For all he's given and all he continues to be.

> *Oh, Uncle Ken, you blessed our lives,*
> *With laughter and wisdom, love that's twice as nice.*
> *From ski trips to warm Florida golf courses,*
> *Winning hearts and making memories, oh what a force.*
