A SONG WRITTEN FOR TIYANA

Bridge of Our Hearts

Birthday

Oysters in Marsey, salt in the air
Your funny stories chased every care
Our strong love built a bridge so wide
We crossed together, side by side
Your clever mind could light the way
Your watchful love kept fears away

> *Tiyana, you're the bridge my heart came through*
> *Your laughter makes each ordinary day new*
> *I hold your loyal heart close to me*
> *I know it was meant to be*

At Pula station, in summer sun
I waited for a bus till day was done
And played my guitar, soft and low
At Laggo di Guarda, time ran slow
At Lago di Commo, you held me near
Your watchful love made shadows clear
Your loyal heart stayed close to me
I know it was meant to be

> *Tiyana, you're the bridge my heart came through*
> *Your laughter makes each ordinary day new*
> *I hold your loyal heart close to me*
> *I know it was meant to be*

At the chateau, foie gras was laid
We savored it till the day would fade
Crudo, truffles, soft and slow
You made each little moment glow
Your charming smile drew me so near
Your funny words kept things clear
Your loyal heart stayed close to me
I know it was meant to be

Today I celebrate your birthday
May all your wishes find their way
The years ahead, I'll walk with you
With every dream you lead me through

> *Tiyana, you're the bridge my heart came through*
> *Your laughter makes each ordinary day new*
> *I hold your loyal heart close to me*
> *I know it was meant to be*

Across our bridge, I take your hand
My home is where we choose to stand
