A SONG WRITTEN FOR DREW

Tides of Forever

Just because

1:34 4:38

At High Tide Restaurant, 3 years ago
You smiled across the table's glow
Your tender eyes made room for me
Like quiet waves upon the sea
Your sincere heart spoke soft and true
That night, I found my home in you

> *DREW, I love you now and forever*
> *We'll face each turning tide together*
> *Your trustworthy heart outshines all gold*
> *Now and forever, love takes hold*

When there was no job, bills at the door
You held me close and made me strong
Your honest love still gave us more
You showed me where I still belong
You work so hard, with patient grace
Your gentle care can calm my mind
No fear could ever take your place
A truer love I'll never find

> *DREW, I love you now and forever*
> *We'll face each turning tide together*
> *Your trustworthy heart outshines all gold*
> *Now and forever, love takes hold*

Three years have made the truth more clear
My husband, you are home to me
Your loving way has kept me near
With care, you make a place for me
You meet hard days with steady grace
Your tender heart can calm my mind
No storm could ever take your place
A truer love I'll never find

The road ahead, we'll make it through
I'll keep my whole heart close to you
Our future's open, wide and clear
I'll choose you through each coming year

> *DREW, I love you now and forever*
> *We'll face each turning tide together*
> *Your trustworthy heart outshines all gold*
> *Now and forever, love takes hold*

Like waves that gather, then release
My heart will always find its peace
