A SONG WRITTEN FOR KRISTINE

Heart and Soul

BECAUSE I LOVE HER VERY MUCH

At the local pub, I saw you
And said to myself, “wow” that night
Those Friday nights still pull me through
Our weekends make the whole world bright
We spend our time, it feels so true
You tell it straight, you hold me tight

> *KRISTINE, you are my heart and soul*
> *With my last breath, I’d say “I love you”*
> *When it counts, you make my life feel whole*
> *And I know our love will stay so true*

You know the football inside out
Your love for family leaves no doubt
On getaways, just you and I
Made every year go flying by
During COVID, miles kept us apart
When you got sick, it broke my heart
Your honest words stay sharp and clear
Your steady love still draws me near

> *KRISTINE, you are my heart and soul*
> *With my last breath, I’d say “I love you”*
> *When it counts, you make my life feel whole*
> *And I know our love will stay so true*

Someday I’ll move much closer to you
So every moment feels more true
At a moment’s notice, I’ll be there
To show you all the love I bear

> *KRISTINE, you are my heart and soul*
> *With my last breath, I’d say “I love you”*
> *When it counts, you make my life feel whole*
> *And I know our love will stay so true*

Our Friday nights, our weekend time
Still keep your love so close to mine
