A SONG WRITTEN FOR MONICA KELLEY

Eternal Smiles

Tribute

In my truck, our favorite songs played
We stared into each other's eyes
Those rides showed me the love you gave
Your happy moves would mesmerize
Funny faces, you'd laugh out loud
Your laughter wrapped us like a cloud

> *Monica Kelley, I live for your smile*
> *To feel your touch, hear your voice for a while*
> *I'll kiss and hold you like no tomorrow*
> *No distance can bring us sorrow*

We argued hard, then lost our way
Both thinking we should let it go
But love would save us, come what may
And lead our hearts to start to grow
You trusted me with raising your son
To help him grow into a man
That faith has made me greater too
I'll keep on growing next to you

> *Monica Kelley, I live for your smile*
> *To feel your touch, hear your voice for a while*
> *I'll kiss and hold you like no tomorrow*
> *No distance can bring us sorrow*

This tribute carries what I know
There's no limit to how far I'll go
I live to see you smile each day
And kiss and hold you close always

> *Monica Kelley, I live for your smile*
> *To feel your touch, hear your voice for a while*
> *I'll kiss and hold you like no tomorrow*
> *No distance can bring us sorrow*

In your eyes, I always find my way
Your smile is where my heart will stay
