A SONG WRITTEN FOR PAUL

Whispers of Forever

Tribute

1:35 4:39

At Murrayfield, you stood by my side
On twenty-eighth June, our hearts opened wide
David Bowie lit nineteen eighty-three
By September, you proposed to me
On twenty-first March, I became your wife
And laughter became our way of life

> *Paul, I miss you more than words can say*
> *At night, I whisper, hoping you're near*
> *I'll carry your love through all my days*
> *Forever in my heart, my dear*

Your jokes could fill a whole crowded room
A wonderful dad, you helped our boys bloom
When Darren left, grief tore us apart
You held me close with your own broken heart
On Christmas Eve, you whisked me away
To Venice, so we'd not face that empty day
By the Grand Canal, in T-shirts and shorts
Pizza on Christmas Day, warming our hearts
In the deepest sorrow, you gave me light
A beautiful memory I hold every night

> *Paul, I miss you more than words can say*
> *At night, I whisper, hoping you're near*
> *I'll carry your love through all my days*
> *Forever in my heart, my dear*

From Disney's magic to songs at night
Our family memories shining bright
In Florida sun, with you by my side
Every journey was a joyful ride
As grandparents, our joy grew too
So much of life was loving you
You were my laughter, you were my home
Together, we were never alone

Though now I walk this road alone
Your love remains my truest home
Sleep tight, my love, in gentle rest
I'll carry it within my chest

> *Paul, I miss you more than words can say*
> *At night, I whisper, hoping you're near*
> *I'll carry your love through all my days*
> *Forever in my heart, my dear*

At night, I picture open skies
I whisper your name and hope it flies
Sleep tight, my love
Forever Maggie
