A SONG WRITTEN FOR CYNTHIA

Endless Treasure

Anniversary

That beautiful smile shone like gold
You laughed at jokes you'd heard before
I fell in love, my heart took hold
Your laughter left me wanting more
Your loving heart was plain to see
Your thoughtful ways kept drawing me

> *Cynthia, your love goes past my every dream*
> *It shines beyond all I have ever seen*
> *You set yourself aside to care for me*
> *My precious treasure, endlessly*

Through surgeries, you stayed so near
You met my fear with steady cheer
You still look after my health
You put your own needs on the shelf
You made the changes just for me
To give the care I need so freely
A thousand little things you do
Show love so deep and true

> *Cynthia, your love goes past my every dream*
> *It shines beyond all I have ever seen*
> *You set yourself aside to care for me*
> *My precious treasure, endlessly*

On our anniversary, I see
Your love keeps giving life to me
I'll thank Jehovah every day
For all the love you give away

> *Cynthia, your love goes past my every dream*
> *It shines beyond all I have ever seen*
> *You set yourself aside to care for me*
> *My precious treasure, endlessly*

Your laughter lingers in the air
My heart is home within your care
