A SONG WRITTEN FOR BERNIE

Through Our Eyes

Birthday

By the Christmas tree, you make us smile
Your silly little gifts have such style
We trade trivia questions through the night
Then treasure hunts turn rooms to light
At Christmas, food and laughter stay
Those are the gifts you bring our way

> *Bernie, if you could see through our eyes*
> *Your own bright worth would surely rise*
> *Your strength keeps lifting spirits too*
> *See yourself as we truly do*

My cancer radiation fills these days
You keep our home in caring ways
The garden rests within your care
You watch the wildlife gathered there
While we're away, you hold us strong
Your steady strength helps us belong
Compassion shows in all you do
And every day, we cherish you

> *Bernie, if you could see through our eyes*
> *Your own bright worth would surely rise*
> *Your strength keeps lifting spirits too*
> *See yourself as we truly do*

On your birthday, we hope you see
The gentle light you give so free
May every road ahead be kind
And let bright hopes be yours to find

> *Bernie, if you could see through our eyes*
> *Your own bright worth would surely rise*
> *Your strength keeps lifting spirits too*
> *See yourself as we truly do*

By Christmas lights, our laughter stays
Your light will guide our coming days
