A SONG WRITTEN FOR KIMARIE

Eternal Summer Love

Just because

On our first walk around the lake
I held your hand, my heart awake
Then lying on the hill we'd stay
Watching the stars light up the way
Your beauty filled my wandering mind
Your smile was all I hoped to find
In summer of 1981
We knew our lives had just begun

> *Kimarie, God blessed me with you*
> *My bride of youth, forever true*
> *My greatest gift through all my days*
> *May we grow old together, always*

Then 1983 came clear and bright
We married, holding each other tight
We put our trust in Jesus' grace
And found our strength in that embrace
When financial struggles filled our days
You still believed in me always
You were my rock through every test
You gave my weary heart its rest

> *Kimarie, God blessed me with you*
> *My bride of youth, forever true*
> *My greatest gift through all my days*
> *May we grow old together, always*

From the islands to the Alps to Tuscany
Wherever we go, you're home to me
My happy place, cuddling on the couch at night
Your caring heart, my guiding light

> *Kimarie, God blessed me with you*
> *My bride of youth, forever true*
> *My greatest gift through all my days*
> *May we grow old together, always*

Like that first walk around the lake
Your hand still guides the way I take
