A SONG WRITTEN FOR MELISSA

Forever Yours

Anniversary

Flying to Hawaii, side by side
Both of us first took to the sky
I saw forever in that ride
You made the clouds feel warm and high
Thirty years brought me to your hand
My loving wife, my promised land

> *Melissa, I cherish you each day*
> *All those thirty years were worth the wait*
> *You made my whole life shine with light*
> *Forever yours, my heart's delight*

On fishing trips, I watch you smile
That big fish made you laugh awhile
At the dirt track, you're my number one fan
You cheer me like nobody can
One day I nearly lost you then
After those years, I prayed again
Through all the fear, I held on tight
Your love still leads me to the light

> *Melissa, I cherish you each day*
> *All those thirty years were worth the wait*
> *You made my whole life shine with light*
> *Forever yours, my heart's delight*

On our anniversary, I see
More days of you right next to me
By your side is where I'll stay
To love and cherish every day

> *Melissa, I cherish you each day*
> *All those thirty years were worth the wait*
> *You made my whole life shine with light*
> *Forever yours, my heart's delight*

Your hand in mine, the road feels right
Still chasing every morning's light
