A SONG WRITTEN FOR TASH

Endless Love Always

Birthday

On 13/11/1990, you arrived
Thirty-six years, and my heart came alive
Each time we share, it still feels new
Each little moment shines through
You're always the one who understands
With gentle care held in your hands

> *Tash, on your birthday, hear my heart say*
> *Your kindness lights my darkest day*
> *Wherever life may lead our way*
> *Endless love will always stay*

To Ollie and Eddie, you're their mum
Your caring shines in all you've done
Your thoughtfulness makes hard days fair
You hold us close with tender care
Since losing your dad, there has been pain
Yet love has helped us breathe again
To sell my house is what I pray
Be near you each and every day

> *Tash, on your birthday, hear my heart say*
> *Your kindness lights my darkest day*
> *Wherever life may lead our way*
> *Endless love will always stay*

May every birthday bring you cheer
And keep our hearts forever near
I'll keep on hoping that the miles
Will close beneath your children's smiles

> *Tash, on your birthday, hear my heart say*
> *Your kindness lights my darkest day*
> *Wherever life may lead our way*
> *Endless love will always stay*

The moments shared still light my way
My endless love is here to stay
