A SONG WRITTEN FOR MARCY

Sister's Radiant Journey

Birthday

Out on the farm on Beech Drive, we'd play at school
Blessed with the best Mom and Dad, our golden rule
Girls of the eighties, big hair, Thunderbird too
Bears cheerleaders, I'd follow every dream with you
You were the wise one, calm and cool
My big sis, close from start to end

> *Marcy, on your birthday, shine so bright*
> *With God beside you all your way*
> *At sixty, you're my truest light*
> *My best friend, always*

We saw New York City lights aglow
Those glowing streets lit up our eyes
We raised our children, watched them grow
With family love, our truest prize
You're a mother of twins, putting others first
Your giving heart, the best on earth
You teach your students with such care
At Sunday school, you share what's true
Your steady heart is always there
God's love is shining out through you

> *Marcy, on your birthday, shine so bright*
> *With God beside you all your way*
> *At sixty, you're my truest light*
> *My best friend, always*

May every day bring you the best
May loved ones keep you always near
May joy and peace fill up your chest
May every year bring birthday cheer

> *Marcy, on your birthday, shine so bright*
> *With God beside you all your way*
> *At sixty, you're my truest light*
> *My best friend, always*

From the farm to New York City lights
Our sister bond will shine so bright
