A SONG WRITTEN FOR RUTHIE

Starlight in My Sight

Birthday

At Dunstan House, our first date came alive
Your laughter made the whole room feel so bright
I felt my guarded heart begin to thrive
Your long legs crossed the floor in golden light
Your honest care made me believe in life
That first night stayed like starlight in my sight

> *Ruthie, you're my soulmate, my best friend*
> *You make the ordinary shine*
> *I never have to ever pretend*
> *You're my best friend, forever mine*

We married ten years to the day we met
A promise I will never once forget
There were hard times, we stayed side by side
Together, we found strength from deep inside
You made me laugh when shadows gathered near
Your clever words could make the path seem clear
I see your care in all you do each day
Your honest heart still takes my breath away

> *Ruthie, you're my soulmate, my best friend*
> *You make the ordinary shine*
> *I never have to ever pretend*
> *You're my best friend, forever mine*

On your birthday, may your world shine bright
I'll choose you through the years to come
May laughter keep your days in gentle light
With you, my heart has found its home

> *Ruthie, you're my soulmate, my best friend*
> *You make the ordinary shine*
> *I never have to ever pretend*
> *You're my best friend, forever mine*

From Dunstan House, our light still finds its way
Beside you, I choose love each day
