A SONG WRITTEN FOR ALIE

Good Times Together

Anniversary

1:11 3:30

In Shimla, we talked as years flew by
Five hours through hills, just you and I
Of culture, countryside, and art
And felt like friends right from the start
On the fourteenth day, our walk ran long
That Valentine's Day became our song

> *Alie, I'm your guard through every night*
> *Your selfless love still softly chimes*
> *Our anniversary shines bright*
> *Celebrate our beautiful good times*

We raised two children, hand in hand
With all the care you understand
Those words, "lung cancer," came one day
You fought and sent that fear away
When you're upset, you start to sing
On garden knees, you tend each thing
Your witty jokes will lift the gray
Your simple ways bring joy to stay

> *Alie, I'm your guard through every night*
> *Your selfless love still softly chimes*
> *Our anniversary shines bright*
> *Celebrate our beautiful good times*

Let's travel round the world, my dear
To sing and dance with you at night
I'll be your shield, forever near
Your bodyguard, held close and tight

> *Alie, I'm your guard through every night*
> *Your selfless love still softly chimes*
> *Our anniversary shines bright*
> *Celebrate our beautiful good times*

The hills still carry our first song
And good times keep us moving on
