A SONG WRITTEN FOR MANUELA

Enduring Love's Light

Anniversary

Our dogs curled close while we would talk at night
Your gentle smile could make the whole room glow
I found my home within that quiet light
In every talk, your caring heart would show
You make the ordinary feel so right
With you, the best of life can gently flow

> *Manuela, thirty years, still by my side*
> *Beautiful inside and out*
> *Your loving heart has been my guide*
> *I love you, without doubt*

When you lost your mother, days turned grey
I saw your strength in every heavy hour
Through hard times, you still found a way
Your loving heart held on to its power
You stand with me, encouraging and true
A loyal warmth that never turns away
You love all animals, so kind and true
I feel so lucky more with every day

> *Manuela, thirty years, still by my side*
> *Beautiful inside and out*
> *Your loving heart has been my guide*
> *I love you, without doubt*

On this anniversary, I say
I'll hold your hand through every changing year
May every road ahead feel bright and clear
With you, my love, is where I want to stay

> *Manuela, thirty years, still by my side*
> *Beautiful inside and out*
> *Your loving heart has been my guide*
> *I love you, without doubt*

Our dogs sleep close, we talk into the night
Thirty years married, you still shine so bright
