A SONG WRITTEN FOR PJ

Eternal Embrace

Just because

On Care Harmony, our words took flight
Then face to face, you came in sight
And love arrived at our first glance
Like every breath began to dance
Your gentle heart made room for me
Your patient love set my heart free

> *PJ, I cherish this love that we share*
> *Your loving heart is always there*
> *I'll hold our love and keep it true*
> *Forever, always, I love you*

We both had learned to guard our hearts
With trust held back in hidden parts
At first, believing took some time
Yet slowly, yours was close to mine
We both had been divorced before
Still love came knocking at the door
Now every doubt has lost its hold
Beside your heart, my own grows bold

> *PJ, I cherish this love that we share*
> *Your loving heart is always there*
> *I'll hold our love and keep it true*
> *Forever, always, I love you*

Your compassion meets me where I stand
Your beautiful soul holds my hand
Your sensuous touch makes doubt give way
Your patient love still lights my way
Romance lives in the things you do
My heart grows closer still to you
I'll cherish every vow we hold
With you, my heart stays brave and bold

I'm looking toward our wedding day
I see the light along the way
Whatever comes, I'll stand with you
And keep our love forever true

> *PJ, I cherish this love that we share*
> *Your loving heart is always there*
> *I'll hold our love and keep it true*
> *Forever, always, I love you*

That first glance still shines in view
Forever, always, I love you
